

Food and Hotels Asia (Foodasia 2010)

20-23 April 2010

Snorre Food recently participated in FHA, Asia's largest International Food and Hospitality trade event. Showcasing an impressive 2800 international exhibitors from about 70 countries/regions, the event attracted 52,000 trade attendees, with 42% visiting from overseas. Strictly for trade visitors only, Snorre Food took the opportunity to acquaint local and regional visitors, friends and customers to our wide range of fresh, frozen fish and seafood. In addition, new products and services were introduced and shared with buyers and distributors from various countries in Asia.
